

## How to exchange cash for digital currency

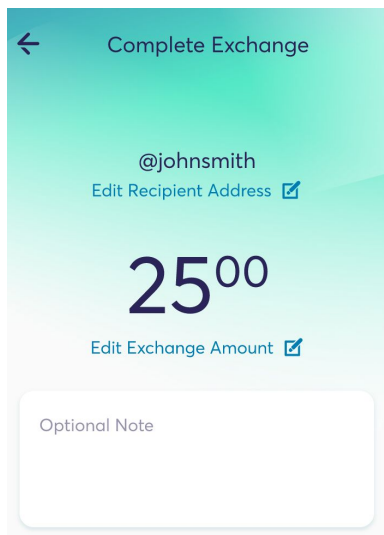

1. Tap **Exchange** at the bottom of the screen.

2. Tap **Cash In Exchange**.

3. Enter the amount of cash you are receiving from the consumer.
4. Tap **Continue**.
5. If the consumer has generated a QR code on their device, you can simply scan the code with your mobile device.
6. On the next screen, tap **Continue**.
7. On the **Complete Exchange** screen, make sure that the recipient and amount of the cash you are receiving is correct and add an optional note.

8. **Slide to Send.**
