

## How to receive a remote payment

Merchants can request remote payments by sharing their invoice code (via text message or another app) with the consumer.

1. Tap **Invoice** at the bottom of the screen.

2. Enter the amount and then tap **Confirm Amount**.
3. Add an **Optional Note**.
4. Tap **Share Invoice**.
5. The **Share** menu at the bottom of the screen allows you to select an application with which you can send a payment link directly to the consumer.
6. After the consumer receives the invoice, they can use their DCash Wallet to tap the invoice link, or manually enter the code.
